## SUPER SHADE HANGER ROD CANOPIES

### Sun Control Canopy Solutions

Mapes Industries SuperShade is a line of passive sun control products that can be used to manage the impact of solar gain on any building. The SuperShade hanger rod design allows it to be integrated seamlessly with Lumishade or Super Lumideck solid deck over doors. Pre-engineered for most wall conditions, Mapes SuperShade sun control products can reduce solar impact and provide economical design options for any passive solar condition.
